

SEPT 24

Dear Mom & Dad,

We were certainly sorry to hear about the election. I hope it doesn't get Mary & Mike down for too long. Politics sure seems like a poor field to be in - I'll take physics anytime.

We went to the National Gallery of Art, a French Restaurant, and then the Kennedy Center for a play yesterday. The weather is perfect now - cool and comfortable.

My book is out of moves so I'm on my own now:
